

## Graphical Report

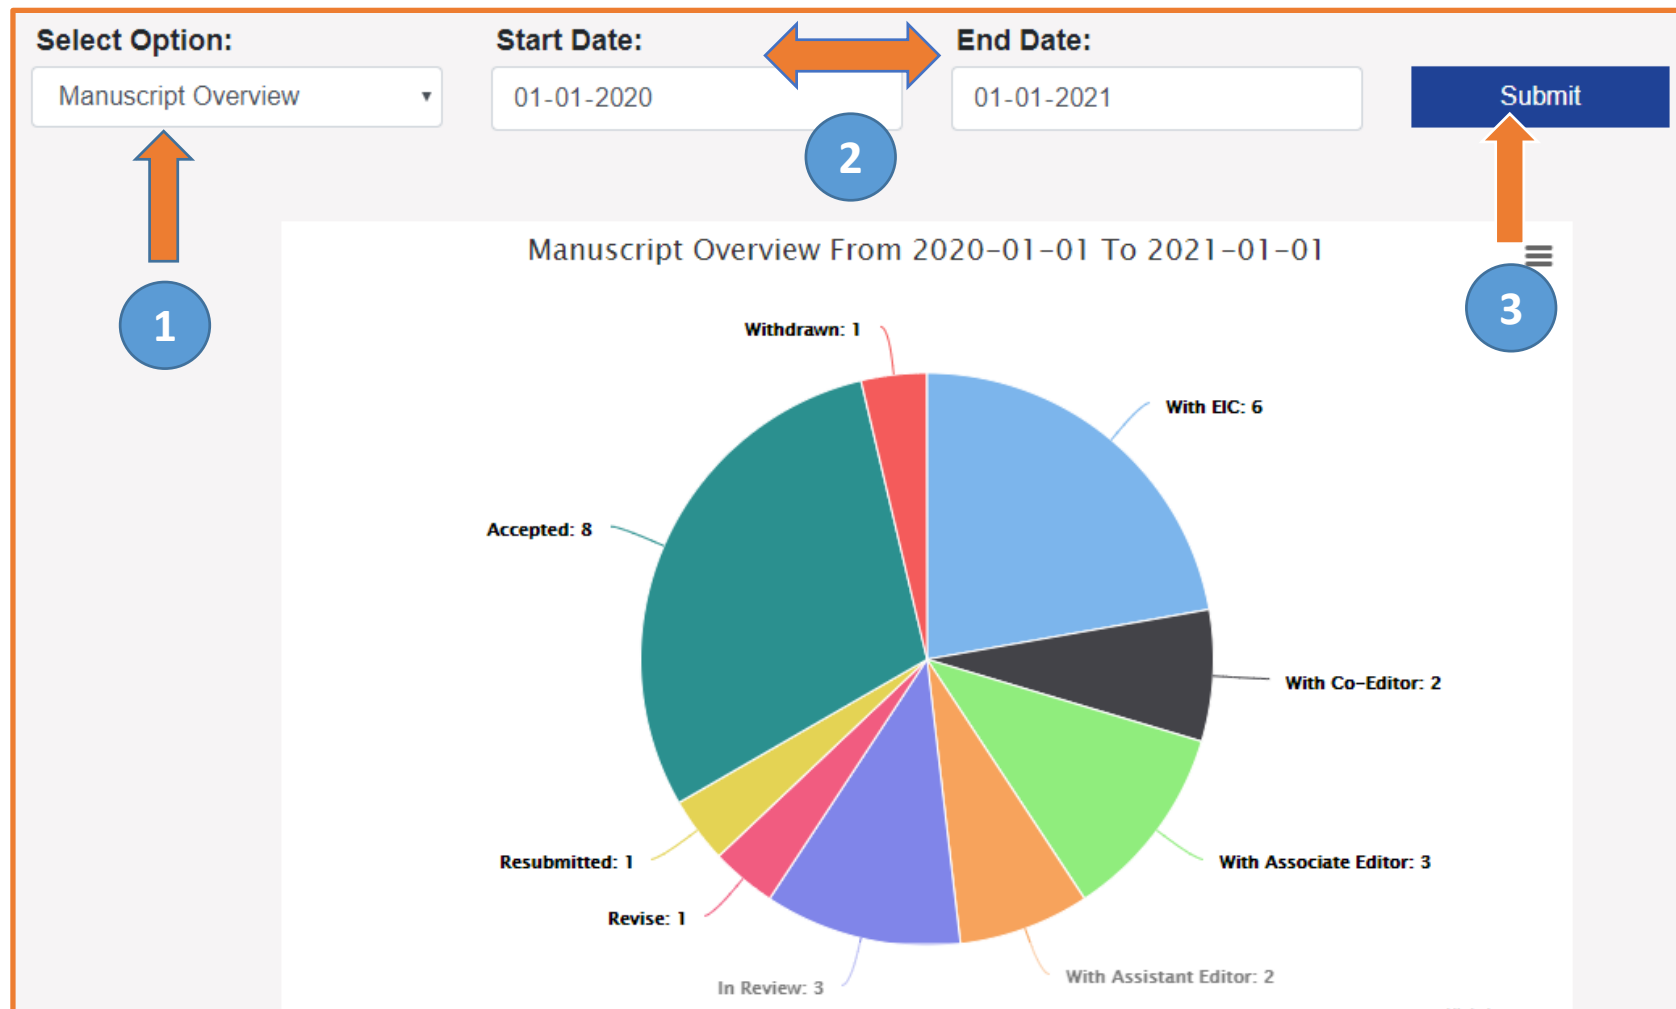

Can I get a quick report about the different aspects of the Journal?

Graph is a pictorial representation of the comprehensive report accessible to all members of the editorial team about the submission, decisions and phases of the publication of the issue of the journal. It can be accessed by clicking on 'GRAPH' button in the initial screen after login.

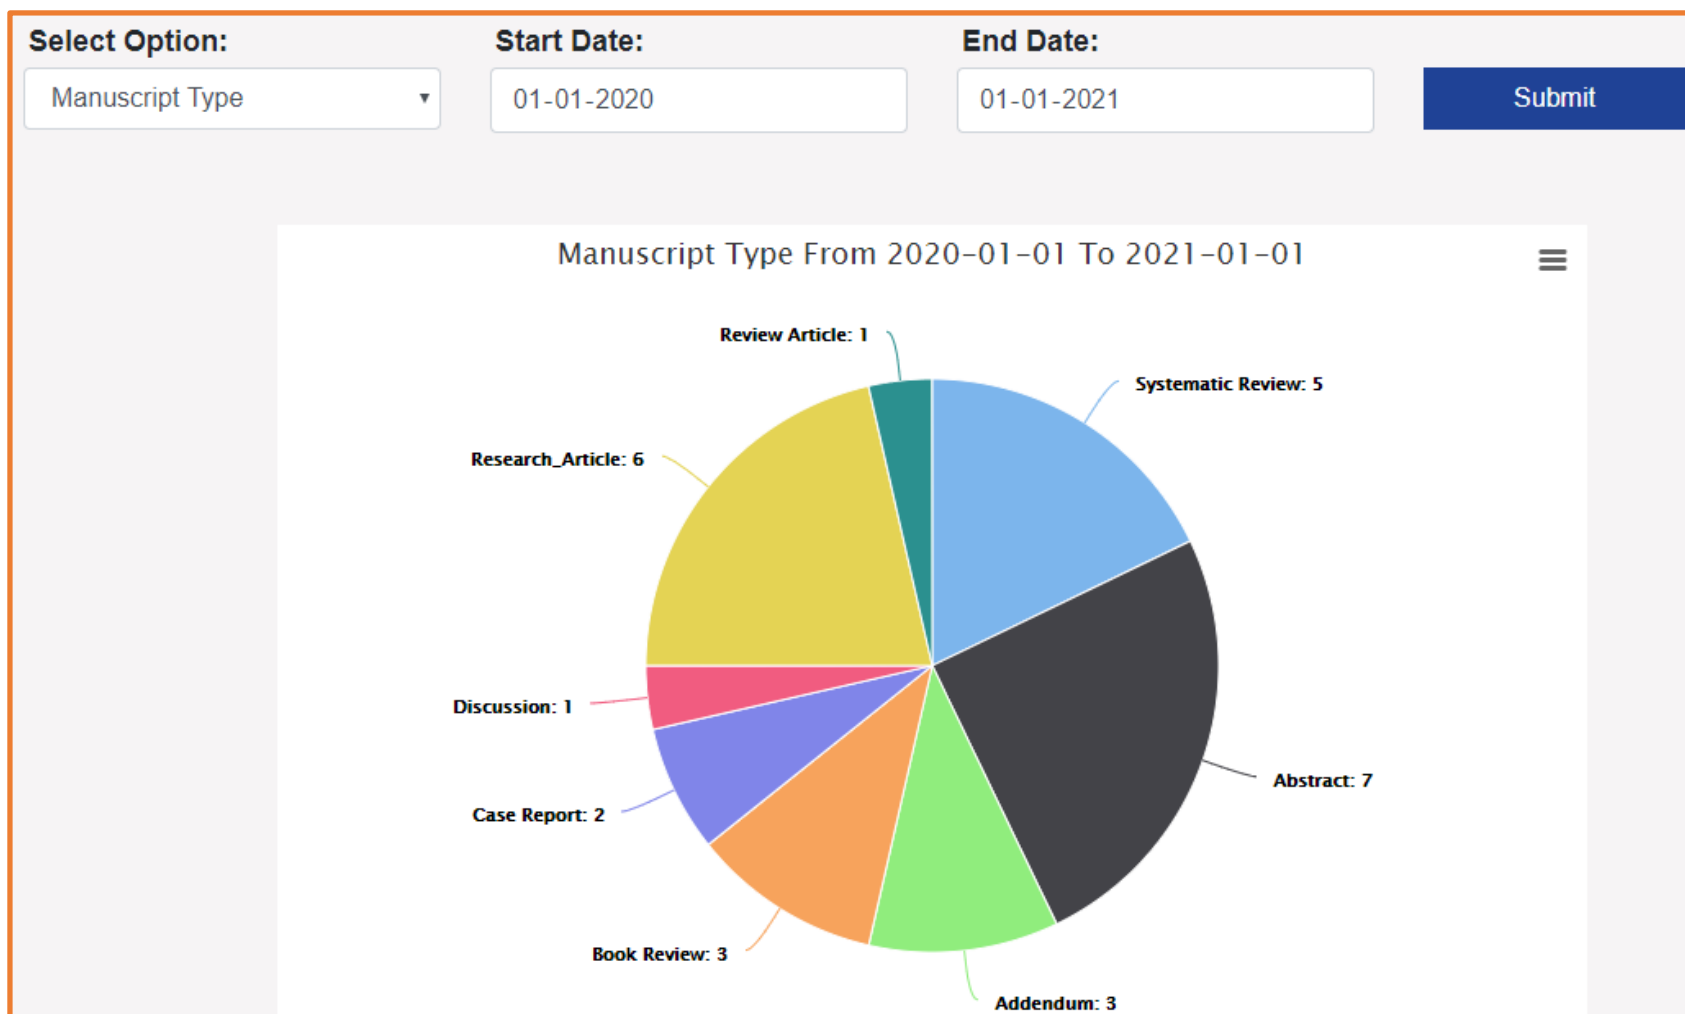

1. The aspect of publication can be selected by clicking on the options in the 'Select Option' from the drop down menu.
2. The Start date and end date for the graphical report can be selected in these fields.
3. Click on 'Submit' button to view the graph.

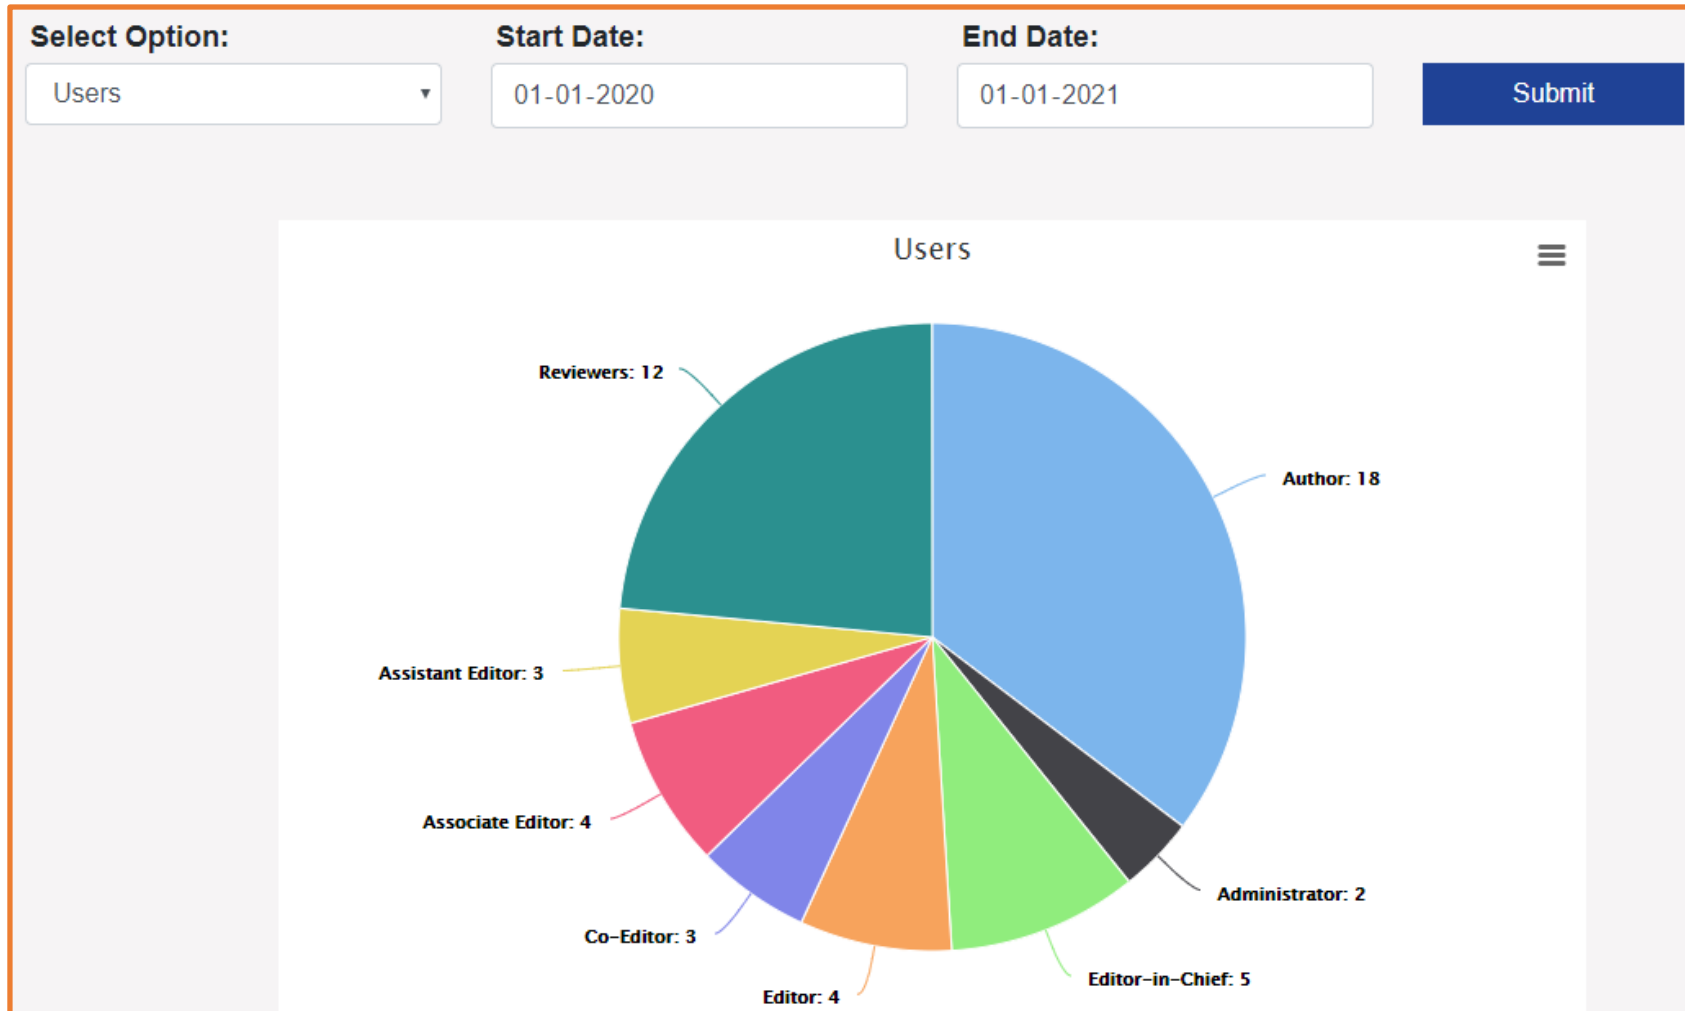

In this example, the Manuscript overview is selected which shows the number of articles and their status for the time period.

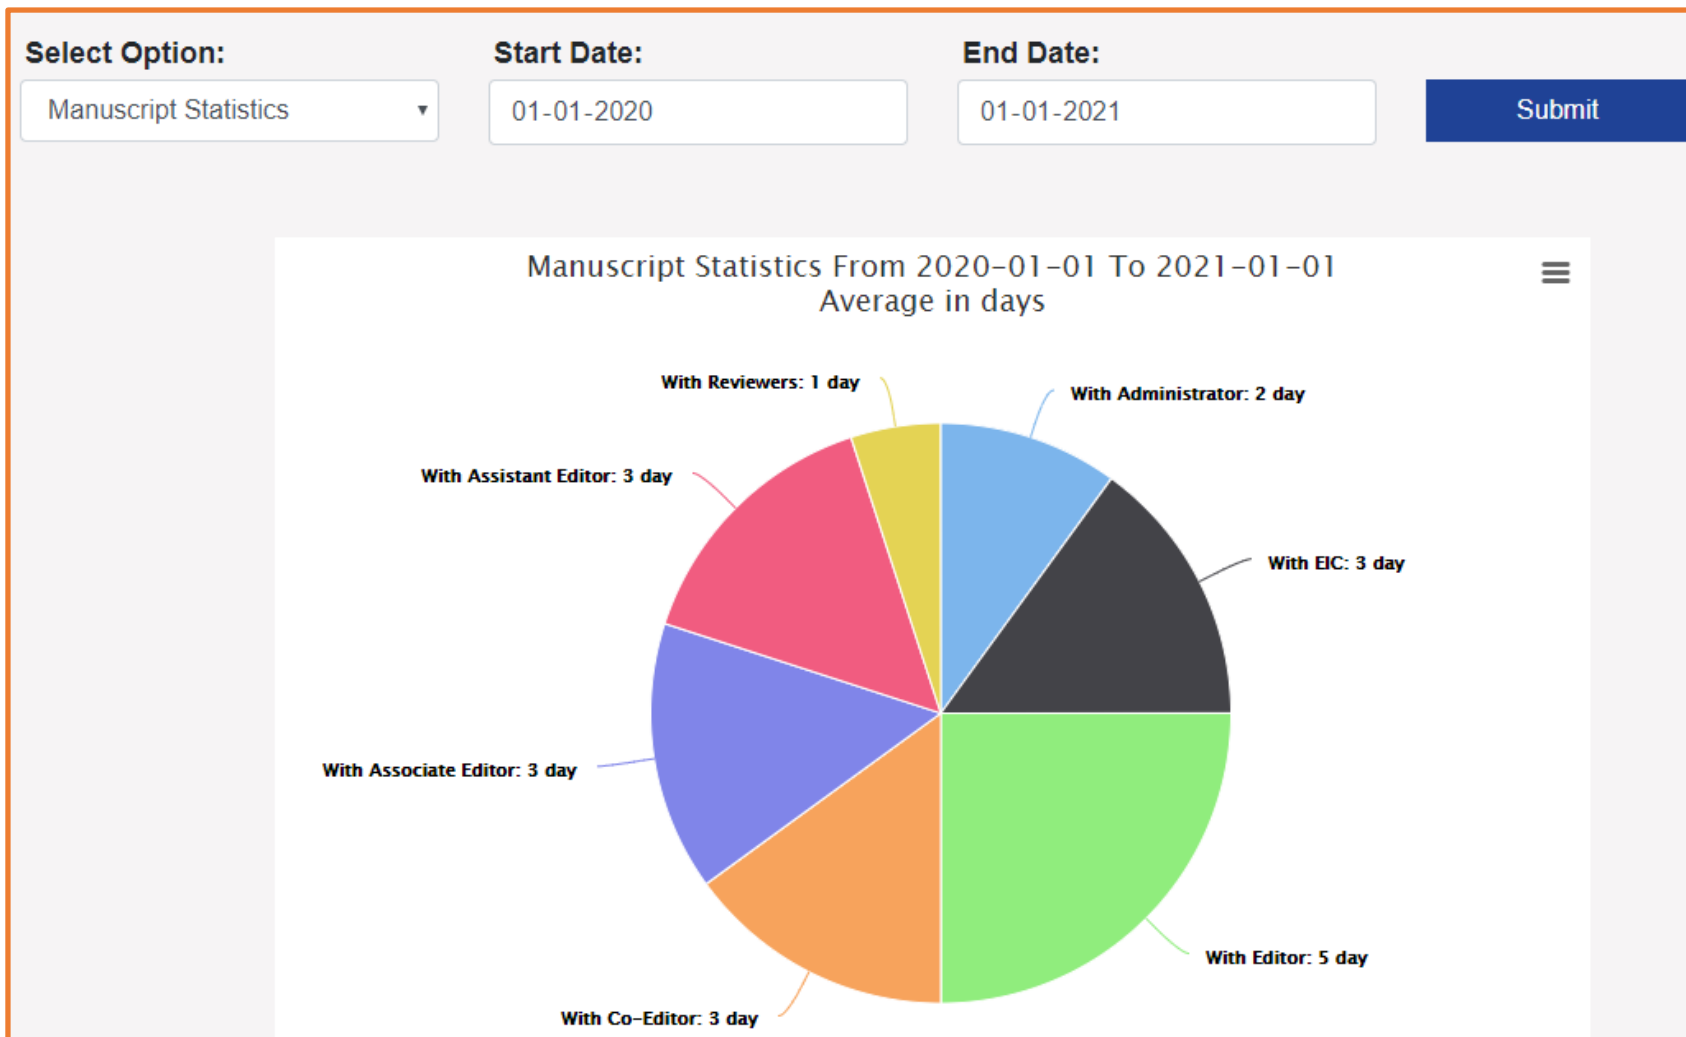

Selecting the 'Manuscript Type' option will show the report on types of manuscripts received to the journal for the selected time duration.

Upon selecting the 'Users' option the report on number of users of the Manuscript Communicator facilitating the journal publication for the selected time duration will be shown

Selecting the 'Manuscript Statistics' option will show the report on duration in days, a particular manuscript was worked on by the editorial team members.

Thank You
